EXCUSE THE LIBERTY.

The GAZETTE has been earnest in its advocacy of harmonizing the warring factions in the Republican party of Washoe county. It has advised all sides to yield something and drop a contest which has become tiresome to the people and disastrous to the party. It suggested that all sides might be satisfied and the people well served by settling down on Boardman for Attorney-General and Powning for the State Senate. Boardman and his party almost immediately consented to the idea and agreed to make that their fight, but Powning has become possessed of the idea that the party needs him for Congressman and he declines to give Boardman the State delegation. When Evans was talked of for Governor matters were still more complicated and harder to harmonize. The candidates made several efforts but failed to agree, and the old contest is coming up again. We suggested that the candidates name 25 good men who had no enmity to either gentleman to be voted for, but Boardman's friends decline to agree to the plan. It would do no harm to fight it out at the primaries if the fight would end there, but it never has, and would not now. It might be that a mixed delegation could be made up which would not fight anybody in particular, but would try to serve the party impartially. In order to bring the matter before the people, the GAZETTE suggests the following ticket which, so far as we know, is unpledged, except that all will work for Washoe county men so long as there is a show for them. They are from all sides and all are good men, and would make a delegation that Washoe need not be ashamed of. If there is any better ticket up we will vote for it in preference to this one. It is not an easy matter to get eight men that will suit everyone, but we believe those we mention will be fair and impartial. We suggest the names of Dr. Wagar, R. H. Lindsay, M. Nathan, T. K. Hymers and C. C. Chase, from here; Mr. Frost, from Glendale; Mr. Gregg, from Wadsworth, and Mr. Price from Washoe.

EDITORIAL NOTES.

The Silver State, in its zeal to serve its party, attempts to contradict the GAZETTE's remark of a day or two ago that its party was not capable of conducting great affairs. It places Humboldt county in evidence. It also digs up the defalcation of Rhodes, a Republican. We did not so much intend our remarks as an impeachment of that party's intelligence or character as a news item showing that the people were not satisfied with that party. We think the result of the election this Fall will show the correctness of the item.

The Enterprise has received a telegram from Eureka to the effect that General Conner will accept the Republican nomination for Congress if tendered to him. The General will find many warm friends in the convention who will give him a hearty support. He is one of Nevada's best and most respected citizens, and in Congress would represent Nevada with ability. Our interests would be carefully guarded, and in General Conner Congressman Cassidy would find a foe-man worthy of his steel.

The San Francisco Vanity Fair and Golden Era will publish about October 1st, a Nevada edition containing 24 pages. The number will be illustrated and contain descriptions of important places. The journal is a weekly, and exceedingly interesting. It is one of the best papers published on the coast.

Idaho has already produced \$80,000,000 in gold and silver.

—W. H. Baylow has been nominated by the Republicans of the 11th Illinois District for Congress. W. D. Bradley has also been nominated from the 9th Kentucky District.

TO-DAY'S NEWS

Press Dispatches to EVENING GAZETTE.

EASTERN.

Inquiring Into the Cause of George's Arrest.

WASHINGTON, August 17.
Captain John Muttan, of California, has filed with the Secretary of State a petition inviting attention to the second arrest in Ireland of Henry George of San Francisco. The petition speaks of George as a native born American journalist, author and gentleman of irreproachable character, and urges that his second arrest be promptly inquired into by the United States authorities. In submitting the petition, Capt. Muttan explains that he assumes the responsibility of calling the attention of Secretary Frelinghuysen to the matter in consequence of the absence from the city of the entire California Congressional delegation.

Bulldozers at Work.

LITTLE ROCK, August 17.
The Republicans of Phillips county have a 1,500 majority, but bulldozers prevent the negroes from voting, and now refuse to allow them to compromise, or in any way put a ticket in the field, threatening to run the leaders out of town. In back towns they are already intimidating negroes. Governor Churchill says he will stop this work, if he has to declare martial law. He has already taken vigorous steps to prevent outrages, and is thoroughly in earnest.

Southern Developments.

SARASOTA, August 17.
In the Bankers' Association, Hwey, of Mobile, gave a brief account of the crop prospects in the Southern States, which are good. The planters of Alabama are getting rid of the incubus of debt. The mineral wealth of the State is great, and only needs capital to develop it. The improvement of rivers is doing much for the State. W. H. Pointin, Miss., read a paper on the industrial growth of Mississippi and the cotton States.

Another Strike.

CHICAGO, August 17.
This morning 150 hod-carriers and brick-layers at Pullman went on a strike for \$3 a day. The former wages was \$1.55. They have other grievances, including lost time, incorrect time keeping, and the necessity of paying car fare to Chicago. Both sides are stubborn.

Heartless Hoboken.

HOBOKEN, N. J., August 17.
Wm. A. Lee, aged 79 years, was committed to prison to-day as a vagrant. In jail he attempted suicide. He at one time was the Dublin correspondent of the Belfast Examiner and was compelled to flee to this country in 1848.

Yellow Fever.

BROWNSVILLE, August 17.
Seven new cases of yellow fever to-day; 12 marines and five Americans have died. The publication of the daily papers has been suspended, so many hands being down with the fever.

A Bad Bell Boy.

NEW YORK, August 17.
Gen. Sickles' hall boy, during the absence of the General, robbed the house of \$2,000. He was arrested and about all of the money recovered. The General is on a visit to Grand Rapids, Mich.

Shot and Killed.

CHICAGO, August 17.
Eugene Doherty, an ex-convict from Joliet, shot and killed Nicholas Jones, a waiter in the Halstead Restaurant, this morning during a quarrel over the payment for a meal.

FOREIGN.

EGYPT'S TROUBLES.

The Porte's Proposal to England—A Russian Arabi Will Surrender to the Turkish Guard—The Troops to Attack Aboukir Sunday.

CONSTANTINOPLE, Aug. 16.

The draft of the military convention proposed by the Porte to England was as follows: The Turkish army undertakes the pacification of Egypt without foreign assistance; the British to remain in their present positions and not to participate in the operations. The Turks shall be allowed to use Alexandria as the base of operations, and the Turks and British both to withdraw after the pacification of the country. Dufferin rejected this draft and submitted another, stipulating that Turkey should not undertake operations without the previous consent of the British commander; that the British officers should be attached to the Turkish headquarters, and that the question of evacuation should be the subject of a special convention. It is believed there is no probability of the Porte accepting the conditions.

The report that the Ulema had deposed the Sultan is untrue. On the contrary the Sultan, at the feast of Bairam yesterday, received congratulatory telegrams from Cairo and other parts of Egypt.

CONSTANTINOPLE, August 17.

It is stated in Turkish circles that

hesitation to issue a proclamation against Arabi Pasha is owing to the fact that a telegram was received from him five days ago expressing his readiness to submit to the authority of Caliph, but he could not leave his soldiers until the arrival of Turkish troops in Egypt, when he would instantly hand over his command to the Turkish General. The military convention is still unsettled for some reason.

SEAS, August 17.

Orders have been issued from military headquarters to suspend unloading transport ships at this point. This gives rise to the opinion that the landing will not take place until the arrival of the troop ship Himalaya.

HIVAKA, August 17.

A rumor that the Spanish Government would exact from Cuba money to meet the expenses of the Egyptian expedition is semi-officially denied. Spain, on the contrary, gives authority to Cuba to draw upon the Spanish Treasury for \$1,000,000.

ALEXANDRIA, August 17.

General Wolsley has decided that British advances shall be made from Aboukir. The troops will attack Aboukir Fort Sunday. The Khedive to-day visited General Wolsley and remained an hour.

Two thousand Bedouins are now with Arabi Pasha. Another report states that General Wolsley will make an attack, possibly on Saturday morning, in two columns along the route of the last reconnaissance, and another by way of Lake Aboukir, taking Arabi at a point where his right rear rest on Mahmondiah canal.

ALEXANDRIA, August 17.

There is reason to believe that the young Italian naval officer reported missing since the 15th instant, absconded with the intention of giving Arabi Pasha assistance. The troop ship Euphrates, with the second battalion of the Manchester regiment and a battery of the Royal Artillery and the transport Capella, with the Duke of Teck, arrived.

CONSTANTINOPLE, August 17.

Dufferin, British Ambassador, has been instructed not to press the Porte for a reply concerning the military convention.

Grey's Case in Ireland.

LONDON, August 17.

In the House of Commons this afternoon the Speaker received a letter from Judge Lawson announcing the commitment of Grey, when Gladstone stated that precedents in a case similar to that of Grey show that the appointment of a Committee is the proper course at the present period. He said that it is too late to secure the appointment of a representative committee. He did not know a way in which a committee could release Grey if they wished to do so. He, therefore, made a purely formal motion that the letter of Judge Lawson be placed on the table. A passing reference of Gladstone to an address to the Crown for the removal of Judge Lawson, as one of the possible alternative courses, was received by loud cheers from the Irish members. Sexton attacked Judge Lawson for preventing Grey from making a defense. The proposal of Gladstone simply means to defer matters till Grey's term expires. Grey has telegraphed the Speaker and Gladstone informing them of his commitment and the refusal of Judge Lawson to grant him an adjournment of his case.

Grey Removed to Prison.

DUBLIN, August 17.

Grey was taken to prison in a carriage surrounded by huzzars with drawn sabers.

At a banquet to celebrate the presentation of the freedom of the city to Parnell and Dillon, which was largely attended, a toast to the Queen was drunk with considerable enthusiasm intermixed with hisses.

The Trouble at Corea.

LONDON, August 17.

Private telegrams received here say the troubles in Corea have culminated in a general insurrection, and that the King and Queen have been assassinated. The Japanese legation was attacked by natives belonging to the anti-foreign party. A Japanese man-of-war has been dispatched to Soul river.

Jesuits Agitation.

QUEBEC, August 17.

The Jesuits of Quebec are again agitating for a restoration to them of all their property confiscated during the reign of Henry IV. The restoration is demanded as an act of justice, and a list of the property contains some which is now of great value. The promoters of the agitation suggest that some outlying territory to the north be given as a recompense.

The Work of a Mob.

PARIS, August 17.

Serious disturbances have occurred at the Monte Soule Sue mines. The mob destroyed the Church D'ors with dynamite, but the police prevented it from attacking the priest's house.

GOVERNORS.

Past, Present and to Come.—The Polls Blasted, The Lamented Bradley, The Open-Hearted Kinkead and the New Candidates. The Carson Tribune, which trains with the second-termers, has a chapter on the Governor's of Nevada. It says: Among the aspirants for the position of Governor of the State are some old and respected citizens, and as in the past so in the present they have their personal peculiarities. Governor Blaine, Nevada's first, used to bow his tall form and answer a salutation thus: "My esteemed Christian friend and brother, I feel proud to meet you," and to ladies he was the very prince of politeness, and he made a good Governor, although he did spell approved with one p. His successor, the lamented Bradley, called everyone he met, whether white or black: "My son," and the good old man had the love of all the children in every part of the State, and he, too, made a good Governor, even if he did spell God with a small g. He did the best he knew how, and what more could any man do. Our present Governor is an educated and singularly urbane gentleman, and has the personal esteem of every gentleman and lady with whom he is acquainted, and yet he has made enemies from the fact that his heart is too large for his purse and always has been. Now as to the candidates. The present Lieutenant Governor, Jewett W. Adams, is an aspirant for the highest seat. He has done as well as could be expected of a man of his caliber during his eight years occupancy of an almost sinecure position. He is genial and honest and has done all in his power to make a decent presiding officer of the Senate, and that under very much difficulty and only by application, laboring under the lack of educational advantages. In his present position he is respectable, but for the higher chair we should prefer a man of erudition and force, and his newly-learned salutation of "how are you my boy" does not accord with that of his late venerable superior, for the reason that he is so extremely juvenile in appearance and action. Captain Matt Canavan, the other Democratic candidate for Governor, is almost a native of Australia, and came to this coast in early days. He is a man of education and erudition; a first-class mechanic and an able manager of men; he is an honest go-ahead gentleman and possessed of a large amount of animal magnetism coupled with great determination, and one who commands a host of friends and followers, but alas, he is like Adams, a Democrat, and although we much respect the man, a Republican is infinitely preferable, but feel compelled to state that he is the most capable and best educated candidate his party could select. On the Republican side we have our present Governor, but to him we have referred above. Farmer A. D. Treadway is another, and there will undoubtedly be some fun with him during the campaign, for he will canvass the sidewalks and talk of nutriments and shiftness to a great extent, and he will talk of "what he saw and what in the early days of Ormsby county and on the bloody fields of Mexico he has saw did." Tread is a good old man, but in our humble opinion, not the coming Governor. E. Strother, of Storey county, is another candidate, but although much respected by all who know him is a man new to the politics of the State. Whether Mr. Strother spells Christ with "k" or not we cannot yet decide, but propose to do so. And now comes Alvaro Evans, a jolly, honest old rancher and cattle man; one of fine physique, who has lived in Nevada for years, and seeks the nomination on the Republican ticket. Mr. Evans is a good, square man but as these are only preliminary remarks, and all made in good faith, we reserve till the dark horses are trotted out further comment on gubernatorial gentlemen, past, present and prospective.

K. of P.

The Grand Lodge of Knights of Pythias have elected the following officers for the ensuing year: Grand Chancellor, R. B. Mitchell of Virginia City; Grand Vice Chancellor, A. E. Shannon of Austin; Grand Prelate, William M. N. Johnson of Virginia City; Grand Master of Exchequer, Alexander Lepert of Carson (re-elected); Grand Keeper of Records and Seal, N. W. Roff of Reno. The Supreme Representative to the Supreme Grand Lodge elected to fill the vacancy caused by the resignation of C. E. Laughton, is Judge Wm. H. Davenport of Eureka. The other Supreme Representative is C. C. Powning of Reno. A Real Railroad. The Nevada & Oregon is a bona fide railroad. It can scare a horse. Clark Lee, of Quincy, was just going through the bridge north of town yesterday as the train passed overhead. His team got panic stricken and made quite a smash up. When things cleared up so he could take an inventory he found an axle, tongue and wheel broken. Not Guilty. The case of the State vs. Racraft, charged with an assault with intent to kill Sheriff Williams, of Genoa, was given to the jury Tuesday at 9 o'clock, and they returned a verdict of not guilty. Hill's Hair Dye, black or brown, 50 cents.

MATTERS AT VIRGINIA.

A Stormy Meeting to Choose Delegates. An unsigned call for a mass meeting of the Republicans of Storey county was published yesterday in the Enterprise to select delegates to the convention. The Chronicle yesterday interviewed different citizens and candidates, and nearly all said it was to send a packed Kinkead delegation to the convention. The meeting is said to have been a fizzle. The Enterprise this morning says D. O. Adkinson was elected chairman. He was opposed to the meeting. In his speech he said the contemplated proceedings abrogate all the work of our State Central Committee, and that of our County Central Committee, and seek to adopt a new system of electing candidates! We don't want the Democrats to have any spoon in the selection of our candidates; and don't we give them a chance to put their spoon in our soup by allowing this meeting to nominate these unpledged delegates? I think this proceeding to-night is contrary to all rule, and I for one don't think any good can come of it. Now what I want to know is if it is intended to elect a Governor here to-night. David Crosby here moved that the meeting adjourn. Upon the ayes and noes being called for, the Chair announced itself in doubt, and upon a standing vote being taken, the noes standing more than two to one, the motion was declared carried. This decision raised a greater tumult than the putting of the question, and loud cries of "fraud!" and "Put him out!" etc., were heard. Judge Adkinson again declared the meeting adjourned, and left the chair. A NEW CHAIRMAN was selected, and ex-Senator Gibson acted in that capacity, with Dan. Lyons as Secretary. Remarks were made by the chairman, James Phelan, Dr. Harris and others. The latter said: I am not a candidate for Governor, and have never been a candidate for any office within the gift of the people. Of course I would accept the nomination for Governor, even if I should be beaten. It is said that this meeting is in the interest of Yerington. No man can, nor dare question my veracity when I say that I have never spoken 40 words with him, outside of saluting him when meeting him on the street. He has never spoken to me on this subject. I am no henchman of Mr. Yerington's. The only time I ever talked politics to him at all was the other day in going to Carson on the cars. I asked him if he thought we could redeem our defeat of the previous campaign. He said he hoped a good ticket would be placed in the field, and that it would be successful; that he would give it his earnest support from top to bottom. After further talk a motion to adjourn being made, an amendment was offered "That we adjourn till tomorrow night with closed doors, and that no one be admitted except those in favor of an unpledged ticket." The amendment being lost, the original motion prevailed and the meeting was declared closed. For the Primaries. As everybody seems to be afraid to open the ball for the primaries the GAZETTE takes the liberty of suggesting a ticket which will be found in another column. It is an open ticket and will serve the people and the party with only a promise to support all the candidates from Washoe so long as they have a chance. If the people's choice comes from other counties they can show it by voting for men who favor candidates from the outside. Foot Race. Seymour Bryant and Billy Jones have arranged for a foot race, to take place on Virginia street next Sunday; distance 50 yards, for \$20 aside. Quite a sum of money has been put up by the friends of both young men. Jones seems to be the favorite. Bryant is said to be very fleet. He relieved Luning of all her spare change on the Fourth of July last, keeping 10 or 15 feet in advance of a professional racer for 50 yards. Campers at Donner. The shores of Donner Lake were dotted with camp fires Sunday evening last. The Republican says between 40 and 50 people were camped there that night. More camping parties have visited this section this year than ever before. Scarcely a day passes but two or three wagon loads pass through town on their way to the lakes. Lost Man Department. Mrs. Ann Beattie, No. 2007 Englewood street, St. Louis, writes for information concerning her brother, Wm. Kirkwood, who left St. Louis in 1855. Mrs. Beattie has been informed that her brother was at Gold Hill in 1865, working as a mining blacksmith. Since then he has not been heard from. The Best Bread Baker. Bishop Whitaker writes the GAZETTE that he will give a special premium of five dollars for the best loaf of bread. For chills, fever, ague and weakness, Golden's Liquid Beef Tonic. Golden's; no other. Of druggists.

Grizzly Bear Hunting in Sacramento.

The large grizzly bear which has been kept in a cage at East Park for 4 year or more, says the Sacramento Bee, managed to break the bars Sunday night, and fled. Search for this animal, so far, has been unsuccessful. He is supposed to be wandering about in the brush on the American river, and if not found will go to the hills. It was thought at first that he might have been desirous of joining Robinson's menagerie, but he went in another direction and ran all the cows and calves off a ranch near Thirty-first street. Mothers in the northeastern part of the city will hereafter have no trouble to keep the children in-doors after dark. Casino Affection. A few days since, says the Sacramento Record-Union, a street car ran over a little black cur at Second and I streets, killing him instantly. A shepherd dog standing near by witnessed the accident, walked up to the lifeless remains of the canine, eyed him for a moment with a look of pity, and then sitting down on his haunches he guarded the corpse of his late friend and companion. He allowed neither man nor beast to pass anywhere near the defunct dog, and for an hour or more people could not pass that way. Finally some person was found who could coax the dog away, and the blockade was raised. Success. The sale of Syrup of figs is simply immense. Everyone is taking it, and all admit that it is the best medicine ever used. Children cry for it on account of its pleasant taste, and grown people who have used it once never take anything else. Unlike other remedies for biliousness and constipation it never loses its power to act, and it always leaves the organs on which it acts stronger than before. Besides, one feels fresh and bright and realizes that it is nature's own true laxative. For sale by all druggists. A Terrible Tumble. This morning a little before 10 o'clock Joseph Pratt, the carpenter, while at work on L. W. Lee's new barn, walked through a hole in the floor of the second story and fell to the first floor, striking on the top of his head, making a terrible wound and a slight fracture of the skull, through which a small particle of brain came. Dr. Bergman dressed the wound. The Weekly "Gazette." To-day's issue of the WEEKLY GAZETTE is the finest specimen of a weekly paper published east of San Francisco. It contains 39 columns of reading matter gathered from all parts of the world. It is especially interesting to farmers. Subscription \$2 a year, in advance. A Collision. Haslund's sprinkling cart came on Blakely & Stoddard's two-wheeled delivery gig to-day tipping it over, when Stod's horse, Ranger, started down town with the wreck at a rapid gait, but was overtaken by the nimble clerk and brought to a standstill. Use, instead of unwholesome cosmetics, Glenn's Sulphur Soap, which purifies the skin. LIEBIG MALT EXTRACT. RECOMMENDED BY PHYSICIANS as the highest nutritive on both sides of the Atlantic, as an invigorant, tonic and restorative in cases of General Debility, Nervous Depression, Enfeebled Constitution and Female Weakness. NURSING MOTHERS, who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and excites a generous flow of milk. WEAK AND SICKLY CHILDREN, who suffer from indigestion and weakness, the result of disease, over-study, or nervous strain, will derive lasting benefit from its use. It restores the system to its normal condition and brings back the bloom of youth. INVALIDS AND CONVALESCENTS will find it admirably adapted for sustaining life, and restoring strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither piles upon the appetite nor excites the system. DELICATE FEMALES, who suffer from the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and revivifies the system. WEAK AND DELICATE PERSONS GENERALLY, who require some artificial nourishment, and especially those who are inclined to Consumption, will find this preparation exactly suited to their needs. It is a specific for the Cough and Nervous Affections usually incident to a low state of the system. AS A FLESH RESTORER it possesses the highest value. The whole tendency of its action is to stimulate the digestive organs, and to produce a healthy and robust condition of the system. THE LIEBIG MALT EXTRACT is a pure concentrated Extract of the best quality of Malt, and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine colored likeness of Baron von Liebig, and a name-plate of his signature, as well as that of a "F. O. LIEBIG & CO., SACRAMENTO, CALIF."
